

Knight Flight Cargo Services, Inc. - Fast & Easy Quote Information

Rev 8/26/15

This Quote Estimate assumes a commercial business-to-business shipment to metropolitan (non-rural extended service area) locations with adequate semi trailer or LTL loading and unloading equipment available during normal weekday business hours at both the origin and destination locations, with no unusual access or waiting required, with no accessorial charges such as lift gate or special equipment etc., with only curbside or dock pickup and delivery, with adequate packaging on pallets, skids, or crates, and no unusual loose, hazardous, fragile, unpackaged items, without any additional declared value coverage beyond basic carrier limits of minimum coverage, using limited information regarding freight Class and NMFC# for items shipped unless provided by the requestor, using weights and dimensions and all information provided by the requestor, unless otherwise noted in writing herein. Final price is based on actual verifiable information according to Knight Flight Cargo Services, Inc., Carrier Standards and DOT Shipping Regulations.
